

# GEO WEIGHTS

## Your Eco-Friendly Solution for Geothermal Loop Installations

Crafted from upcycled materials for a greener Earth, our Geo Weights embody environmental responsibility. With an unparalleled commitment to reducing the carbon footprint, these weights are your eco-friendly choice for geothermal loop installations.

### FEATURES:

- **Precision Engineering:** Each weight is engineered with precision, each weight features coned and domed ends, elegantly paired with certified M10 lifting/connecting eyes for uncompromised functionality and safety.
- **Seamless Compatibility:** Geo Weights seamlessly integrate with loops from all leading manufacturers. With the ingenious use of straightforward shackles, multiple weights can be effortlessly interconnected, providing the flexibility your installation demands.
- **Slim Design for Easy Installation:** Their slim design with a conical end ensures smooth and easy installation. They can also be shackled together for additional weight when required.

### SPECIFICATIONS:

- **Standard offering:** Our standard offering includes **40kg (88lbs) weights** with an **88.9mm (3.5") diameter**.
- **Customization:** However, customization knows no bounds in our world. Be it weight or length, we're poised to craft Geo Weights that perfectly align with your project's unique requirements.

### WHY CHOOSE GEO WEIGHTS?

- **Environmental Responsibility:** By opting for Geo Weights, you're making a conscious choice towards sustainability and reducing your carbon footprint.
- **Reliability:** Engineered for precision and safety, Geo Weights ensure uncompromised functionality throughout your geothermal loop installation.
- **Flexibility:** With seamless compatibility and customizable options, Geo Weights offer the flexibility your project demands, ensuring a smooth and efficient installation process.

**GEO WEIGHTS ARE PROUD TO HAVE HELPED INSTALL THOUSANDS OF GEOTHERMAL LOOPS GLOBALLY!**

### DELIVERY OPTIONS?

We collaborate with local and international shipping partners, enabling us to provide fast and cost-effective delivery solutions. For orders within the UK, we offer next-day delivery of pallets (for orders made before 12 midday), ensuring prompt receipt of your Geo Weights.
