

GTD TRACKED CARRIER

MOBILE HYDRAULIC POWER PACK

GTD TRACKED CARRIER

The Tracked Carrier serves as a multifunctional tool, offering the flexibility to transport [and power] a diverse range of equipment and tooling efficiently. For example; our MG500 mud cleaning system, compressors, additional rods & casing and other Auxiliary equipment. It can also be fitted with a crane and rod/casing handling equipment.

Additionally, it acts as a hydraulic power pack that can power auxiliary equipment such as a piston pump, grouter and hydraulic loop reeler.

DIMENSIONS & WEIGHT

- ▶ Length 25ft (7.6m) or 30ft 10" (9.4m)
- ▶ Width 7ft 2" (2.2m)
- ▶ Height 8ft 10" (2.7m)
- ▶ Deck Length 20ft (6.2m) or 26ft 2" (8m)
- ▶ Weight 16,500 lbs - 22,000 lbs (7,500 kg - 10,000 kg)
Actual weight will vary depending on the options selected and installed, e.g. Crane...

CRAWLER (TRACK) BASE

- ▶ Model SOLAR 75
- ▶ Tracking Speed (Lo-Hi)
1.5 mph (2.5 kmh) ~ 2.5 mph (4.0 kmh)
- ▶ Gradeability 25°
- ▶ Loading Capacity 26,455 lbs (12,000 kg)
- ▶ Track Width 17.7" (450 mm)
- ▶ Steel with rubber pads

DOOSAN ENGINE

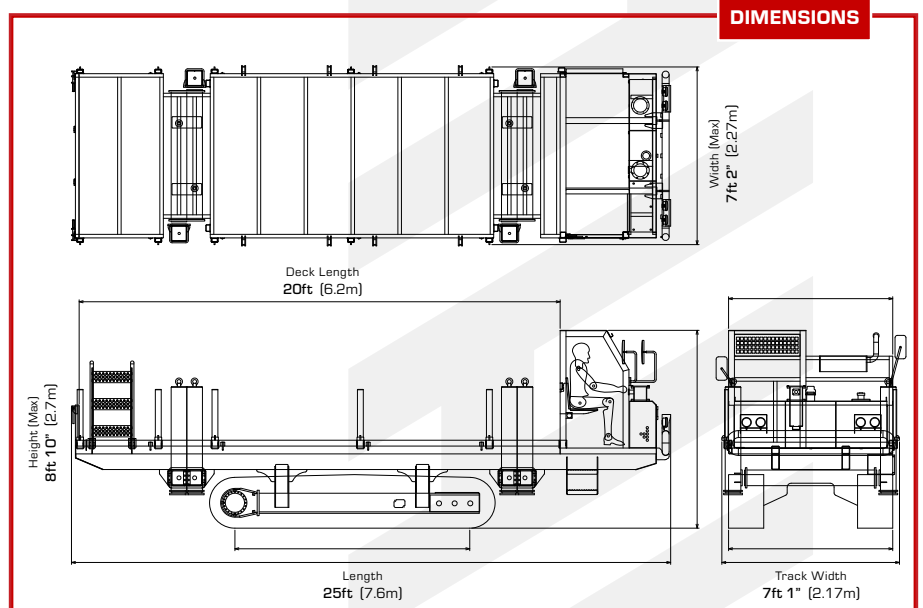

- ▶ Doosan DM03 (Stage V)
- ▶ 110 HP (82 kW)
- ▶ Fuel tank 32 gal (120 litres)
- ▶ 12V DC

HYDRAULIC SYSTEM

- ▶ Flow Rate <42 gpm (<160 lpm)
- ▶ Operating Pressure 3,626 psi (250 bar)
- ▶ Hyd. Oil Tank 266 gal (100 litres)

OPTIONS

- Auxiliary Power Pack
- Self Loading system
- Rod loading system
- Casing loading system
- Crane (HIAB)
- Aux fuel tank
- Driver cab

NOTE: THE MEASUREMENTS ABOVE ARE THE BASE DIMENSIONS (FOR THE SHORTER DECK OPTION) WHICH MAY BE SUBJECT TO VARIATION DEPENDENT ON FINAL DESIGN SPECIFICATIONS. SPECIFICATIONS SHOWN ARE ONLY INDICATIVE AND SUBJECT TO CHANGE WITHOUT PRIOR NOTICE - TECHNICAL DRAWING IS FOR VISUALIZATION PURPOSES ONLY.
